Emerging Researchers' Conference	22 - 23 Aug	Mon 9:00 - Tue 17:30
ECER Conference	23 - 26 Aug	Tue 12:30 - Fri 17:30

Conference Theme

Leading Education: The Distinct Contributions of Educational Research and Researchers

Educational research can play a leading role in imaginatively and creatively constructing our education futures with the bricolage from past and present, and from research, policy and practice. Tensions between competing interests challenge educational researchers and practitioners alike, and give rise to the more general concern of what it means to exercise leadership, and what, as individuals and communities of practice, we stand for in such circumstances.
