

EUROPEAN EDUCATIONAL RESEARCH ASSOCIATION

C02 Compensation

EERA cooperates with “myclimate”, a Swiss non-profit organisation engaged internationally in climate education and awareness to support climate protection projects.

Conference participants are invited to calculate & offset the C02 emissions of their travel by donating towards the climate protection projects of "myclimate".

The myclimate climate protection projects reduce emissions by replacing fossil energy sources with renewable energy or by promoting energy-efficient technologies.

See the video below to learn more about C02 offset.

Calculate your C02 travel emisions
