

EUROPEAN EDUCATIONAL RESEARCH ASSOCIATION

ECER Mission

The aim of the 'European Conference on Educational Research' is to create an inclusive platform for initiating, reporting, discussing and promoting high quality educational research, that not only acknowledges its own context but also recognises wider, transnational contexts with their social, cultural and political similarities and differences. The conference is organised for emerging, as well as experienced, researchers and builds on and promotes free and open dialogue and critical discussion. It has a comprehensive approach to theory, methods, arguments, findings and research ethics.
