

Emerging Researchers

Emerging Researchers' Conference (ERC)

The Emerging Researchers' Conference precedes ECER and is organised by EERA's Emerging Researchers' Group.

Submissions are to be handed in via the standard submission procedure.

Please note that for the Emerging Researchers' Conference only **papers, posters, pecha kucha and video presentations** will be considered. Group presentations like symposia, roundtables and workshops are reserved for ECER or, if they are offered in the ERC, are centrally organised.

Please see [submission](#) and [presentation formats @ ERC](#) for more information.

ERC Fees

Fees for Emerging Researchers' Conference are 50 € (35 € for Low GDP Countries).

Interactive Roundtable

This round table focuses on the capacity of research methods to be inclusive, critically discussing the main issues that concern this challenge. Some questions will engage the audience in an interactive discussion.

Lunch Break with Local Academics

We are organising a “Lunch Break with Local Academics” that promises to be another engaging opportunity for participants. The event will be held from 12:30-13:30 on Monday 3 September 2018 in a dedicated area, where about 50 emerging researchers who pre-register will have the unique chance to discuss and exchange ideas around a focused topic with 7-8 local academics.
