

EUROPEAN EDUCATIONAL RESEARCH ASSOCIATION

New round for funding network activities

Since 2010 EERA has financially supported various projects (e.g. seminars & meetings) and season schools for emerging researchers, all organised by EERA networks. Now EERA is again inviting project proposals.

- Submissions are to be handed in to EERA office by 15 May.
 - We recommend to be in touch with Jani Ursin, Network Representative on Council, for guidance on the submission and evaluation process.
 - Three funding schemes are currently available: Network Projects, Network Season Schools & Feasibility Studies for network related publications
